This is your really good chance to get hold of some Stephenson Blake typefaces, still in their original wrappers. In particular there is a really good selection of Marina Script and Madonna Ronde - all founders' type and perfect for anyone producing wedding invitations.

I also have a good selection of Granby type from 6 - 14pt - all Stephenson Blake and mostly unused. Please let me know if you would like me to add these to the lists. I have yet to work out a price for each item. Prices will be shown when on the tables at the Wayzgoose.

There is no promise of bringing all these items down to Oxford. It may be that my car will not take the weight!!
